

Gasperec Elberts Consulting was founded by Megan Elberts, PE and Lisa Gasperec, PE who bring over 35 years of experience in many facets of civil engineering to the firm. Their philosophy is to understand the unique requirements of each project while providing each client with a level of personal service and professionalism that they have provided throughout their careers.

**Gasperec Elberts Consulting, LLC provides civil engineering and surveying services from the planning phases through construction. We pride ourselves on serving our clients with a professional approach and thoughtful attention.**

**CONSTRUCTION ENGINEERING**

Lisa Gasperec, PE is a principal at Gasperec Elberts Consulting with 25 years of experience in the civil engineering field. While having knowledge of all facets of civil engineering, the majority of her career includes expertise in construction engineering, which has allowed her to understand all stages of public works projects from planning to project close-out. She has worked on varied projects from residential street and utility improvements to large scale interstate projects.
